

Report for week ending 02-14-03

1. We will be holding a FAST Test Program meeting Tuesday morning to plan out the final four week before the USS John Paul Jones HM&ERA Visit.
2. Keith Conway conducted a mock ship visit this week and several "nits" were discovered that Keith is working out to improve usability.
3. Jimmie Elkins FTSCPAC 402 is testing the 2-Kilo upload disk created at the mock ship visit this week. The results will be known next week.
4. We will be conducting another mock ship visit with a more extensive agenda the week of Feb 24th.

Best regards,

John Spencer
